What We Do

Energy Auditing and Planning
We help homes, farms, businesses and institutions save money by investing in energy efficiency and clean energy such as solar and geothermal.

Sponsor Green Iowa AmeriCorps
Teams do basic home energy upgrades, especially for low-income households. They work in our schools to teach kids about clean energy and saving energy.

Education
We offer monthly breakfast seminars, newsletters, electric car fairs, tours of efficient solar homes etc.

Economic Development
We promote local jobs in energy efficiency and renewable energy, keeping energy dollars local.

Policy
We advocate at local and state levels for clean energy policies that support our local economy and protect our environment for future generations.

Lead a Movement
We help other counties—such as Clayton, Howard and Dubuque—create their own energy districts.
